Relevant Building Code clauses:

Durability B2.3.1(a)  
 Hazardous Building Materials F2.3.1  
 Water supplies G12.2

Statement on how the building product is expected to contribute to compliance:

**Durability B2.3.1(a)**  
 The Mastertrade brass compression range has a design life of over 50 years when installed in accordance with the relevant installation standards which meets requirements B2.3.1(a)

**Hazardous Building Materials F2.3.1**  
 The Mastertrade brass compression range does not give rise to harmful concentrations at the surface of the material where the material is exposed, or in the atmosphere of any space as per requirement F2.3.1

**Water Supplies G12.2**  
 The Mastertrade brass compression range meets the requirements of AS/NZS 4020 potable water standards and has components that wouldn't contaminate the water as per requirement G12.2.1. and is durable and fit for purpose as per requirement G12.2.2 and G12/VM1

Manufacturer holds current WaterMark certification through SAI Global and JASANZ

- options for compliance set out in section 19 of the Act (regulations, acceptable solution, verification method)
- standard or technical document that describes the performance of the building product or the relevant specifications to which the building product was manufactured
- physical properties of the building product
- how the building product is intended to be used.

Limitations on the use of the building product:

As defined in the scope of the installation standards G12, AS/NZS 3500, and AS/NZS 5601

Design requirements that would support the use of the building product:

Durability and Proven Performance.

As defined in the scope of the installation standards G12, AS/NZS 3500, and AS/NZS 5601

Installation requirements:

Installation shall be performed by licenced and competent installers.

Maintenance requirements:

The Mastertrade brass compression range requires no ongoing maintenance post commissioning.

Is the building product/building product line subject to warning or ban under section 26?: No

If yes, description of the warning or ban under section 26:

Date: 11 December 2023
